Index to Volume Fourteen of The Paper Industry

April, 1932—March, 1933

U. S. Department of Agriculture

Page numbers in this index are preceded by numbers of the issues. April, 1932, is No. 1 and March, 1933, is No. 12

A

A Century of Progress, dedicates Hall of Science 3, 217
and paper ... 7, 490
and The Paper Foundation ... 10, 716
Abrams, Allen, President's address ... 12, 861
Accident prevention in industrial plants ... 3, 227
Acids, determination of in paper ... 5, 383
how they damage paper ... 7, 529
Adams, Geo. J., Nip hazards on paper machines 8, 601
Albe Nielsen heater and evaporator ... 5, 360
Alexander, J. H. H., Eighty-four years ago Wisconsin had but one paper mill ... 9, 670
Alkali ratio and properties of kraft pulp ... 5, 377
Alling, Newton D., Share-the-work movement ... 12, 858
Allokris filter ... 7, 506
Analysis of paper ... 11, 811
Analysis of burner gases ... 8, 623
Analyzing sulphite digestion liquors ... 6, 457
Application of control instruments in pulp and paper mills ... 6, 422
Artificial silk ... 12, 891
Association Meetings:
All-Ohio Safety Congress ... 2, 134
Annual meeting of the parent association (A. P. P. A.) ... 12, 857
Canadian Technical Section ... 11, 793
Fall meeting of Pacific Coast Section of T. A. P. P. I. ... 8, 635
Meeting of the Salesmen's Association ... 12, 864
National Paper Trade Association meeting 12, 859
Safety Congress bows to National Capital . 8, 598
Superintendents hold thirteenth annual meeting ... 3, 218
T. A. P. P. I. fall meeting highly successful ... 7, 517
T. A. P. P. I. meeting featured by diversified subjects ... 12, 860
Automatic pressure control on sulphite digesters 4, 302
Automatic regulation of density of solution .. 2, 163

B

Baird, P. K., Characterization of pulp and stuffs ... 7, 519
Baker, C. M., White water eccentricities ... 12, 862
Ball, A. L., Aloxite brand pulpwheel ... 3, 221
Bark as fuel ... 10, 751
Beater ... 5, 379; 8, 627
new design ... 10, 747
pulp ... 6, 457
Beating process ... 7, 543
Bekk smoothness tester ... 2, 161
Belting, conditioning of oil-soaked ... 5, 361
Biological processes in paper manufacture ... 5, 379
Bisulphite concentration in sulphite digestion 4, 317
Black liquor, action on sulphate pulp digestion . 8, 621
studies on ... 3, 253
Bleaching
experiments ... 6, 453
groundwood, new process for bleaching ... 6, 457
pulp ... 6, 455
southern kraft ... 7, 501
Boiler, procedure for cleaning ... 11, 799
hp. and mechanical hp. compared ... 12, 877
tests, value of ... 5, 357
Booth, L. M., Chemical Trim Process ... 7, 517
Sheet Formation Control ... 3, 224
Brown, Roger B., The effect of fiber length on pulp and paper properties ... 7, 517

C

Calender drive, electrical ... 10, 753
Calender roll drive, economy in ... 5, 377
Campbell, W. Boyd, A physical theory of the beating process ... 7, 522
Care of control instruments ... 6, 427
Carter, W. L., Creative management ... 3, 214
Casein, characteristics of ... 12, 861
plan to test and grade for paper-coating quality ... 11, 805
Cellulose, extraction of by chlorine ... 6, 451
from resinous wood ... 12, 891
molecule ... 6, 418
pulp cleaning ... 4, 323
Centrifugal machine for purifying pulp ... 5, 381
pumps, testing of ... 11, 791
purifier for pulp ... 11, 809
Centrifuge for recovery fiber values from backwaters ... 1, 73
Changes in the color of paper ... 1, 71
Charch, W. H., Relation between the technical department and the operating department .. 3, 219
Chart for cuprammonium viscosity of rag blends. 10, 729
Chemistry of sulphite cellulose process ... 7, 547
Chemical pulp, new process ... 9, 689
Chemical research trends ... 6, 417
Chippers, development in ... 3, 627
Chrome-Nickel-Iron castings, proposed T. A. P. P. I. specifications ... 7, 521
Chromium, standardization and improvement by use of ... 3, 221
